SUMMARY

Associate Software Engineer with 3.9 years of proven success in driving quality assurance for payment systems. Skilled in functional testing, defect management, and ensuring smooth end-to-end validation across SWIFT and SEPA payment flows.

SKILLS

Quality Assurance & Testing	Functional, Integration, UAT Testing, Defect Management, Stakeholder Communication,
Automation Tool	Volante Designer
API Testing Tool	Postman
Messaging Middleware	IBM MQ, ActiveMQ, RabbitMQ
Database	MongoDB
Domain Knowledge	Payments
Payment Engine	VolPay
Payment Rails	SWIFT, SEPA IP
Tools	WinSCP, JIRA, Confluence

WORK EXPERIENCE

Associate, Quality Assurance: Volante Technologies

Aug 2023 – Present

Project Rail – Client: SWIFT – Investec UK Bank

Project Rail – Client: SWIFT – QIB UK Bank

Project Rail – Client: SEPA IP – RBSI Luxembourg Bank

Project Rail – Client: SWIFT – BACB UK Bank

- Specialized in end-to-end testing of complex **banking and payment systems**, with hands-on experience in rails such as **SWIFT** (MT103, MT202, MT202COV), **CBPR+** (Pacs.008, Pacs.009, Pacs.009COV, pacs002, pacs004), **SEPA IP**.
- Worked across critical modules including
 - Payment Flows**: Book Payments, Incoming Payments, Outgoing Payments, Onward payments, Return Payments, Acknowledgements, and Instructions.
 - Interfaces**: Account Lookup, Fraud Check, Funds Control, Get Charge, Sanctions, Liquidity, Account Posting
 - System & UAM Modules**: User Data, Roles and Permissions, Branch Access Control.
- Delivered QA support to clients for high-value financial clients including **Investec Bank**, **QIB**, and **RBSI**, ensuring robust validation through **SIT** and **UAT** phases.
- Performed **automation testing** using **Volante Designer**, contributing to the efficiency and coverage of test execution for payment flows.
- Conducted thorough **functional, integration, regression, smoke, and data validation testing** across both on-prem and cloud environments.
- Managed **resiliency testing**, ensuring no payment processing failures under infrastructure interruptions; identified edge-case issues leading to **payment stuck** and resolved them proactively.

- Handled **infrastructure operations**, including bring-up/bring-down Pods, and provided QA support during planned maintenance and deployments.
- Utilized tools such as **Postman** for API testing, **RabbitMQ/ActiveMQ** for messaging validation, and **MongoDB** for backend verification.
- Created detailed QA documentation: **Test cases, Execution Plans, and Review Checklists**.
- Reported and tracked bugs with detailed repro steps, logs, and environment-specific info, streamlining developer handoff and fixes.
- Acted as the go-to QA lead for a year in Investec project.
- Supported **real-time production issue analysis**, providing workarounds and triaging defects with stakeholders, and ensuring timely resolution of critical issues to minimize payment impact.
- Participated in **daily dev team and internal stakeholder calls**, offering QA insights and aligning on delivery timelines.
- Owned the preparation of **release notes** and documentation for **UAT** and **production deployments**, collaborating with business and technical teams to ensure accuracy and completeness.

Software engineer Trainee: Volante Technologies

July 2022 – July 2023

Project Rail – Client: SWIFT – Investec UK Bank

- Started career as a QA Intern, working on **functional testing** for the **Investec Bank** project, with a focus on **SWIFT payments**.
- Gained deep exposure to message formats like **Pacs.008 (serial)**, **Pacs.009**, and **Pacs.009COV**, developing strong domain understanding early on.
- Began hands-on learning of the **Volante Designer** tool during internship, gaining working knowledge that later enabled automation scripting and message validations.

EDUCATION

Qualification	Institution	Score
B.Tech in Information Technology	Sri Eshwar College of Engineering	CGPA: 8.08
Higher Secondary Education (HSC)	Nachiyar Vidyalayam Matriculation Hr. Sec. School	62.67%
Secondary Education (SSLC)	Vivekananda Vidhyalaya Matriculation School	83.60%
